Reverse Transfer Residency

APPROVED: Fall 2012
EFFECTIVE: Fall 2012
REVISED: Spring 2013

REFERENCES: C.R.S. 23-1-131 and SB 12-45

ISSUED BY:

Dr. Geri J. Anderson, System Provost

Application

This guideline applies to the state system of community colleges.

Principle

In order to award Reverse Transfer Degrees to non-active students, a residency must be assigned to the term that the degree is awarded.

Guideline

When awarding a Reverse Transfer Degree to a non-active student, colleges will use the last known residency for the student as listed in our student information system (Banner). This practice will not impact tuition classification as the student will have a registration hold placed on for the award term and made inactive for the term after.
